OFFICE OF THE SECRETARY, BOSTON, Jan. 20, 1915.

To the Honorable Senate

and the House of Representatives.

I have the honor to submit herewith, in compliance with section 330, chapter 835, Acts of 1913, a report of the number of assessed polls, the number of registered male and female voters at the date of the last annual State election and city and town elections, and the total number of persons, both male and female, who voted at each such election in each city and town, and in every voting precinct of the several cities and towns, together with the number of votes received by each candidate for nomination and for election for a State office, and for election for a State committee.

In further compliance with the law above quoted, I submit the following recommendations:—

First. — I recommend that section 105, chapter 835, Acts of 1913, be amended by striking out said section and inserting in place thereof the following: One set of ballots of not less than sixty ballots for every fifty or fraction of fifty registered voters shall be provided for each polling place at which a city or town primary is to be held.

Second. — I recommend that section 117 of said chapter 835 be amended by adding thereto the following: —

Every nomination paper shall state, in addition to the name of the candidate, (1) his residence, with street and number thereof, if any, (2) the office for which he is nominated, (3) the political party whose nomination he seeks. Every voter who signs such paper shall sign it in person, with his full surname, his Christian name, and the initial of every other name which he may have, and shall state his residence of the previous first day of April, as well as the place where he is then living, with the street and number thereof; but any voter who is prevented by physical disability from writing, or who had the right to vote on the first day of May in the year eighteen hundred and fifty-seven, may au-

thorize some person to write his name and residence in his presence; and every voter may sign as many nomination papers for each office to be filled as there are persons to be nominated for or elected thereto, and no more.

No nomination paper shall be valid in respect to any candidate whose written acceptance is not thereon.

- Third. That section 134 of said chapter 835 be amended by striking out the words "not enrolled in any other party than that represented by the candidate whose name appears in the nomination papers."
- Fourth. Section 199 of said chapter 835 provides that nomination papers shall be "seasonably" submitted to the registrars of voters, and in Boston to the election commissioners, for a certification of signatures. I recommend that a definite time for such submission be provided by law, as in the case of primary nomination papers.
- Fifth. That section 202 of said chapter 835 be amended by striking out the words "Every nomination paper shall be filed by a responsible person, who shall with his own hand sign such paper and add to his signature his place of residence, giving street and number, if any; and the secretary of the commonwealth or the city or town clerk shall require a satisfactory identification of such person."
- Sixth. That the second paragraph of section 302 of said chapter 835 be amended so that the residences as well as the names of all persons voted for shall be announced and recorded.
- Seventh. That section 360 of said chapter 835 be amended so that political committees shall be required to make a statement under oath in cases where such committees have no receipts, expenditures, disbursements or liabilities.
- Eighth. That section 362 of said chapter 835, as amended by section 6 of chapter 783, Acts of 1914, be amended so that candidates shall be required to include in their returns the receipts as well as the expenses, contributions and promises.
- Ninth. Article XV. of the Amendments to the Constitution provides that in case of a failure to elect representatives on the Tuesday next after the first Monday in November, a second meeting shall be holden for that purpose on the fourth Monday of the same month of November. Because of the time required for notices and nominations this provision has not for many years been operative, and I recommend an amendment to the Constitution striking out said provision.

Tenth. — Some question having arisen as to the application of the term "political committee" as defined in section 1 of said chapter 835 in the case of committees of candidates, I recommend an amendment so that said term shall clearly apply to a committee which shall aid or take part in the nomination, election or defeat of a candidate for public office.

Eleventh. — I recommend that provision be made for the election of ward and town committees of municipal parties at city and town primaries.

 $\mathit{Twelfth}.-\mathrm{I}$  also renew the following recommendations made last year: -

That an incumbent of a State office may have his name printed upon the primary ballot as a candidate for such office of the party which he represents upon a request in writing filed with the Secretary of the Commonwealth on or before the last hour for filing primary nomination papers.

That no person whose name is not printed on the primary ballot as a candidate for an office shall be deemed to be nominated as a candidate for such office unless at the primary he shall have received a number of votes equal to the number required to nominate him as a candidate for such office to be voted for at a primary.

That city and town elerks be required to make to the Secretary of the Commonwealth, within four days after the day of the primary, a return of the votes cast at such primary.

That paragraphs first and second of section 19, chapter 835, Acts of 1913, be amended so that a person may not be required to produce witnesses in order to establish his right to assessment or to be registered as a voter.

And that the time within which candidates for election shall be required to make return of expenses, etc., be extended.

#### VOTING MACHINES.

The State Ballot Law Commission, constituting the State Board of Voting Machine Examiners under the provisions of section 249 of chapter 835, Acts of 1913, is directed to examine voting machines, ballot boxes and counting apparatus, and to file with the Secretary of the Commonwealth their approval in writing of all machines, ballot boxes and counting apparatus which in their judgment conform to the requirements of law, etc.

Acting under this authority, and after published notice, the said officers examined three machines,—all that were submitted to

them. Of the three machines examined one (The Triumph) was approved, and a report made Sept. 12, 1913. On Aug. 21, 1914 a decree was issued approving the American Voting Machine and upon this the following report was made:—

"In the matter of the application of the American Voting Machine for the approval of the Ballot Law Commission and Voting Machine Examiners:—

#### Decree of Approval.

"The above entitled matter came on to be heard before us upon the application of the American Voting Machine Company for the approval of the voting machine known as the American Voting Machine; and pursuant to the provisions of the statute in such case made and provided, on the 18th day of September, 1912, in our capacity as the Board of Voting Machine Examiners, we made a preliminary examination of said machine to determine how far and to what extent said machine furnished convenient, simple and satisfactory means of voting at primaries and elections, and of ascertaining and recording the true result thereof with facility and accuracy, giving special regard to the prevention and detection of double voting at primaries and elections, and to voting for candidates of more than one political party at a primary, and to ascertain whether such machine secured to the voter as much secreey in voting as is afforded by the use of the official ballot, so-called; and thereafter on the 3rd day of February, 1913, we caused to be published a notice in the Boston Globe and the Springfield Republican that on the 10th day of February, 1913, we should examine voting machines, and caused said notice to be sent to all persons who had communicated with us concerning voting machines, and thereafter at the time and place assigned we met in pursuance of said notice, and upon the 11th day of February, 1913, we examined the American Voting Machine as required by the provisions of law. Further examinations have been made by us and by mechanical experts employed by us in accordance with the provisions of the statutes. Said mechanical experts have also examined said voting machine at the factory of the applicant in the city of Boston.

"Now, therefore, upon consideration of our examination and of the reports of said mechanical experts we find that in our judgment said American Voting Machine conforms to the requirements of the law, and we hereby approve said American Voting Machine and file herewith such drawings, specifications and photographs as will clearly identify said American Voting Machine."

This report was transmitted by me to city and town clerks, Aug. 21, 1914, in the following circular:—

"The following report is published for the information of all concerned, especially boards of aldermen and selectmen. In determining the question of adopting and purchasing machines, it should be distinctly understood that the

examining commission makes no recommendation for or against the purchase and use of machines, that question being left entirely to the discretion of the several cities and towns. (See section 251, chapter 835, Acts of 1913.)"

## RETURNS UNDER THE "CORRUPT PRACTICES" LAW.

Under the provisions of chapter 835, Acts of 1913, as amended by chapter 783, Acts of 1914, there were received from candidates for nomination a total of 1,295 returns, of which 5 were premature, 392 were late, 21 were irregular, 40 were both late and irregular, and 4 both premature and irregular. One hundred and one failed to file returns.

The number of returns transmitted to the Attorney-General, as apparently in violation of law, was 462.

There were 617 returns of no payments, 17 payments to political committees, 628 payments other than to political committees, and 33 payments both to political committees and other than political committees.

There were received from candidates for election a total of 839 returns, of which 2 were premature, 333 were late, 11 were irregular, and 15 both late and irregular. Thirty-eight failed to file returns.

The number of returns transmitted to the Attorney-General, as apparently in violation of the law, was 361.

There were 224 returns of no payments, 60 payments to political committees, 324 payments other than to political committees, and 231 payments both to political committees and other than political committees.

Number of Assessed Polls, Registered Voters and Persons who Voted at Elections.

Apparent inconsistencies in the report may be accounted for, in part, as follows:—

First. — The number of assessed male polls includes aliens and other persons who are not qualified to become registered voters.

Second. — The number of registered male voters includes persons who are exempt from taxation and therefore are not included in the number of assessed male polls.

Third. — Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.
